Changes in Exim Policy

1317. SHRI BHUBANESWAR KALITA: Will the Minister of COMMERCE be pleased to state:

(a) the changes introduced recently in the Exim Policy of the country; and

(b) how these are expected to reduce imports and increase exports?

THE MINISTER OF STATE OF THE MINISTRY OF COMMERCE (SHRI P. CHIDAMBARAM): (a) and (b). Review of the Export Import Policy is an on-going process and changes in it are made as and when considered necessary. These changes are made through Notifications and Public Notices, copies of which are available in the Parliament Library.

By widening the scope of the Export Promotion Capital Goods (EPCG) Scheme which now enables domestic suppliers to source thier components at zero duty for manufacturing their Capital Goods for supply to zero duty EPCG Licence holders, dependence on import has been reduced. Duty Exemption Scheme has also been simplified and licence holders can source their inputs from the domestic suppliers by way of back to back letter of credit through the banking channel. Such changes are expected to reduce imports and also increase exports.
